

Product Highlights

Stainless Steel Mounted Units

Stainless Steel Mounted Units are designed for use in harsh chemical wash down and corrosive applications.

Housings & inserts are 100% stainless steel throughout. Housings are solid based and polished providing a smooth clean surface resistant to contaminants or corrosion. Inserts are lubricated with non-toxic FDA food grade grease with an operating temperature range of -10 to +250 f..

All stainless units are ideal for extreme wash down or chemically corrosive applications such pharmaceutical manufacturing, food processing and beverages.
